

Flourish ART Project

'Flourish' is an art project and competition designed to inspire, nurture and celebrate the artistic expression and creativity of pupils and students in MITRE schools. Students were invited to create individual pieces of art based on the central themes of 'flourishing' and 'togetherness' taken from our MITRE mission statement.

It has been wonderful to see MITRE schools exploring a wide range of artistic styles, techniques and responses to the themes, which has led to almost 1500 individual entries to the project. In addition, groups of students have created collaborative pieces, bringing personal responses together into unified pieces of art.

We warmly invite you to use the included links to discover and learn more about our trust-wide competition, view our virtual gallery and browse the highly-commended and commended entries.

www.mitretrust.org.uk/art-competition

Congratulations to the pupils and students below, whose pieces were judged to be highly commended or commended.
