Finite and infinite iteration (Y8/GCSE) and recursion (A-Level)

AI – differences between real intelligence and artificial and what sentient is (GCSE/A-Level)

Abstractions – reality and model of reality (Y8, GCSE, A-Level)

Patterns and pattern recognition (Y9)

Boolean algebra – logic and predicate (A Level)

Paradigms – different views of the world (A-Level)

St Mary's Visit (A-Level)

Bletchley Park – Alan Turing (GCSE)

Computer science

Spirituality relates to fundamental questions about the meaning and purpose of life. It is not dependent on religious beliefs. It includes the universal search for individual and communal identity. Spirituality is an innate human capacity. It is not about becoming more spiritual in a measurable sense. It is about realising or becoming more aware of our natural, innate spirituality. Students do not reach a finished state of spiritual development but participate in the ongoing process of spiritual realisation.
