## Science

How does our life fit into the wider universe?  
(Y7)

How do plant and animals support each  
other's survival? (Y8)

What are the building blocks of life and the  
universe? (Y9)

Do scientists have a moral responsibility for  
the consequences of their work? (GCSE)

How is scientific understanding affected by  
cultural influences?  
(A Level)

*STEM Club (Key Stage 3)*

*Big Bang Fair (Year 8)*

*Yorkshire Wildlife Park (Year 9)*

Spirituality relates to fundamental questions about the meaning and purpose of life. It is not dependent on religious beliefs. It includes the universal search for individual and communal identity. Spirituality is an innate human capacity. It is not about becoming more spiritual in a measurable sense. It is about realising or becoming more aware of our natural, innate spirituality. Students do not reach a finished state of spiritual development but participate in the ongoing process of spiritual realisation.
